

AFFILIATED CHURCHES OF THE CONFERENCE SHALL BE ENTITLED TO REPRESENTATION AS FOLLOWS:

- *Churches with 99 members or less, two delegates*
- *Churches with 100 through 199 members, three delegates*
- *Churches with 200 through 299 members, four delegates*
- *Churches over 300 members, five delegates*

AFFILIATED AGENCIES are provided two (2) delegates to the meeting. Often this has been the Executive Director and a member of the Board, often the Treasurer (who can address the financials) or the Board President. *This applies to Pilgrim Pines and New England Seafarers*

AFFILIATED ASSOCIATIONS are provided 1 delegate to the meeting. This is customarily the President of the Association, or another authorized member of the Board. *This applies to the Ministerial Association, Women Ministries Association, and Highrock Church Network*

People coming to give reports from agencies and associations need to register for the meeting.

You can only register as a delegate from one (1) Conference member church, agency, or association - so you can't double dip as a delegate. However, you can bring a report if you are a delegate from one entity and reporting about another entity. If you are not registering as a delegate representing your agency/association or your local church, you can register as a "guest" - but you will not be granted voting privileges. **If you are a guest but are bringing a report to the meeting, please let us know so we can list you as "advisory" to the meeting, which will grant you voice in the business sessions.**

Please keep in mind that being a delegate is a one year obligation - the "Annual Meeting" is our version of Congress, and those delegates elected, appointed, and registered from each member entity serve for a year in that role. If your church/agency/entity does not elect/appoint/register delegates, then you are unrepresented for the coming year in all gatherings of the Annual Meeting.
